Dishank Rustogi, M.B.A., B.E.

Senior Manager, National Leader
Cyber Risk Management and Transformation
BDO Canada LLP
Toronto, Ontario

Dishank Rustogi is the national practice leader for cyber risk management and transformation within the cybersecurity team in BDO Canada's consulting practice. He brings over 15 years of experience delivering cybersecurity risk management and data protection practices. Rustogi is known for his excellence in service delivery across multiple sectors, including financial services, nonprofit, technology, retail and public. He has extensive public company experience for various publicly listed organizations in North America and Southeast Asia. Rustogi has extensive experience in building enterprise cybersecurity programs, including the definition of security requirements for end-to-end business processes to meet compliance requirements such as PCI, Sarbanes Oxley Service Organization Controls (SOC) Reports, ISO 27001:2013 NIST 800-37 and Baseline Cybersecurity Controls. Dishank has helped organizations build capabilities around cyber incident response, perform tabletop exercises to determine the efficacy of incident response practices and supported organizations in an active breach scenario. Rustogi holds a master of business administration degree from University of Toronto and a bachelor of engineering degree from Manipal Institute of Technology.
